

MARY CARIOLA CHILDREN'S CENTER

FAST FACTS

Fall 2007

MISSION

Mary Cariola Children's Center provides the highest quality individualized services for children with developmental delays and especially for those with complex or multiple disabilities. The Center is dedicated to excellence in family-centered educational, residential, therapeutic and community support services and to developing program initiatives for emerging populations of children with special needs.

A LEADER IN PROGRAMMING FOR CHILDREN WITH DISABILITIES

Mary Cariola is a private, non-profit agency and is considered a leader in providing education, residential programs and other services for children with disabilities. The Center was the first in the nation to have a sensory room for children and opened the state's first group home for children with significant behavior management needs.

SHAPE & REACH	Annual Tuition Rate	NYS Education Dept.	Home School Dist.

COMMUNITY SERVICE – RESIDENTIAL & MEDICAID SERVICE COORDINATION PROGRAMS

The residential program provides full-time care in a family setting to small groups of children with multiple disabilities and behavior management needs. The program's five residential facilities located throughout the county serve a total of 38 children with six to nine children in each home.

Medicaid Service Coordination provides outreach to children in the community with disabilities and their families. Medicaid Service Coordinators work with these children and their families to identify and secure services from community resources to assist the child and their family.

Medicaid is the primary funding source for both programs through the Office of Mental Retardation and Developmental Disabilities.
